

Exiting Data 2000-2001

Data are collected on all students with disabilities, ages 14-22, who have exited the special education program in a school district, using one of the reasons defined below:

- A - No longer receives special education. Total who were served in special education during the previous reporting year but at some point during that 12-month period, returned to regular education as a result of having met the objectives of their IEP. These are students who no longer have an IEP and are receiving all of their educational services from a general education program.
- B - Graduated with regular high school diploma. Total who exited an educational program through receipt of a high school diploma identical to that for which students without disabilities are eligible.
- C - Received a certificate. Total who exited an educational program and received a certificate of completion, modified diploma, or some similar document.
- D - Reached maximum age. Total who exited special education because of reaching the maximum age for receipt of special education services, including students with disabilities who reached the maximum age and did not receive a diploma.
- E - Died. Total who died.
- F - Moved, known to be continuing. Total who moved out of the catchment area and are known to be continuing in another educational program. There need not be evidence that the student is continuing in special education, only that he/she is continuing in a general education program. This includes transfers and students in residential drug/alcohol rehabilitation centers or correctional facilities.
- G - Moved, not known to be continuing. Total who moved out of the catchment area and are not known to be continuing in another educational program. This includes students who have moved out of the catchment area, and there is no evidence (e.g., a record request) to indicate that they have enrolled in another educational program.
- H - Dropped out. Total who were enrolled at some point in the reporting year, were not enrolled at the end of the reporting year, and did not exit through any of the other bases described. This row includes dropouts, runaways, GED recipients, expulsions, status unknown, and other exiters.
